The Elite Monitor Ceiling Arm Series incorporates revolutionary design features allowing it to support up to 22 lbs. (9.9 kg) while providing effortless movement. The Elite allows an LCD monitor to be suspended from the wall, ceiling or mounted on a desk and pulled out when required. The addition of a keyboard and mouse tray increases its possible applications from patient record entry to manufacturing automation. Available with or without keyboard attachment and also in a desk and ceiling mount. Ideal in medical operating rooms or dental operatories.

2 Arm Model T2ER-CE24-QG Price \$699

1 Arm Model ELR5120-CE-XE24-OG Price \$538

Elite 5220 & 5120 Arm Wall Mount

This monitor arm system has full cable management, is gas assisted and provides a maximum reach of 57". The arm will bring your monitor 42" out from the wall. The arm supports up to 18 lbs, rotates 180° at the wall and has a Screen rotation of 360°. Both 75 mm and 100 mm VESA interface plates are provided.
